

PRESS RELEASE N° 1

On the launch pad the 3rd Cisalpina Classic Race (July 3-4-5, 2025)

Confirmed as valid for the ACI Sport GT Modern Cars Regularity Championship – Grand Events Tricolore.

In the Aosta Valley captivating vintage cars ranging the twenties to 2000 are ready to hit the road.

The organizers from Classic Paddock are redesigning the route while preserving the highlights of the first two editions. The Tourist section is born. The wait is growing for the event that will have the Hotel Relais Mont Blanc & Spa in La Salle as its hospitality hub. Discounted registrations are already open, early booking from January 15, 2025.

The 2025 Aci Sport season is starting and the organizers of the 3rd CISALPINA CLASSIC RACE are already preparing to launch of the 3rd edition of this great event in la Vallée. Amidst confirmations and new features, there are many reasons to be excited about this Aosta Valley regularity race event, which has grown rapidly in popularity thanks to its standout features: three intense days among the Mont Blanc and Gran San Bernardo massifs with nearly 100 timed trials combining classic regularity and average-speed challenges.

The striking news is certainly the date of the event, two months in advance of the first two editions: the 3rd CISALPINA CLASSIC RACE will be held on 3 – 4 – 5 July 2025 and is included in the Aci Sport Italian calendar of the Major Events for Modern Cars, Gran Turismo and Super Classic Aci Sport for historic cars. The Tourist section has also been created, in response to requests from some crews who aspire to participate in the Aosta Valley event.

Compared to the past, by popular demand from competitors, the organizers of Classic Paddock confirm the choice made in 2023 of the operational meeting and presentation base of the Hotel Relais Mont Blanc & Spa in La Salle, on the outskirts of Courmayeur.

Considering the big competition that characterized the challenges in both the Classic historic category and the magnificent GT cars during the first two editions of the Aosta Valley event, expectations for the 2025 edition are high. The regularity competition route has been redesigned in many areas, while maintaining the allure of the landscapes and optimizing passages through the most picturesque locations.

Feedback from Italian regularity specialists, both in the classic and modern categories, at the 2024 CISALPINA CLASSIC RACE awards ceremony highlighted some reasons for the event's success: these include organizational expertise in offering high-caliber precision and average-speed trials in the enchanting alpine setting of the upper Aosta Valley, a magical crossroads between Italy, France, and Switzerland.

Another new feature broadening the range of participants for the 2025 edition is the FIA's decision to introduce a new class for historic cars up to the year 2000.

Reviewing photos and videos on the CISALPINA CLASSIC RACE website and social media, one sees moments of joy, shared passion, and intense battles decided by mere hundredths of a second, featuring splendid classic and grand touring cars such as Bugatti, Ferrari, Porsche, Maserati, BMW, Alfa Romeo, Lancia, MG, Triumph ecc. These emotions and experiences will be revived during the first weekend of July 2025, when the third edition will bring together enthusiasts, competitors, and some of the world's most beautiful cars for another thrilling chapter.

Last but not least it remains to remember that registrations will open on March 31, 2025, but by joining the Early Booking from January 15, 2025 it is possible to save 10% on the cost of participation of the crew.

YEAR 2025 - ITALIAN CHAMPIONSHIP GRAND EVENTS MODERN GRAND TOURING CARS

Mitteleuropean Race, CISALPINA CLASSIC RACE, Coppa d'Oro Dolomiti, Targa Florio.
